⚠ WARNING: PHOTOSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation 2 system.
  Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

THE STORY SO FAR

Remy, a French rat with an acute sense of smell and taste, and an uncharacteristic appreciation for fine cuisine, is tired of the same old garbage. Different from the rest of the pack, he dreams of becoming a great chef, just like his idol, the late Auguste Gusteau, whose "Anyone Can Cook" cookbook has been his only lifeline to the fine culinary world. However, since a rat's daily life is composed mostly of stealing trash and trying to avoid humans who invariably want to kill them, he doesn't have a rat's chance of achieving his impossible dream.

Driven by his passion for cooking, Remy's ambitions to become a chef move one step closer to reality when he accidentally uproots his family from the French countryside. Separated from the other in a frenzied departure, he is washed up in the sewer under the streets of Paris, where fortune has dropped him beneath the namesake restaurant of his culinary hero, Gusteau.

After watching Linguini, Gusteau's hapless garbage boy, unsuccessfully attempt to remake a pot of soup that he has spilled, Remy furtively fixes the soup himself. When the dish is a hit, Linguini implores the little rat to help him cook it again. The two begin a peculiar but wildly successful "ghost-cooking" relationship, and Remy's culinary genius is finally given a chance to shine.

Remy finds himself torn between his calling and passion in life or returning forever to his previous existence as a rat. He learns the truth about friendship, family and having no choice but to be who he really is, a rat who wants to be a chef. In the words of his idol Gusteau: "Anyone can cook. But to be great... you must be fearless!"
